| BH | House Type Titles:  |  |   |  |
|    | Description: 2021   | V23-96-3S CULROSS  |   |  |
|    | Standards   | V23-90-33 CULRO33  |   |  |
|    | Clandardo   |  |   |  |
| СТ | The domestic type approval has l  | been assessed on the following drawings and s  | specifications:                           |  |
|    |   | annexe to this certificate   |   |  |
|    |   |  |   |  |
| D  | Climatic conditions statement cor   | nfirming design criteria.  |   |  |
|    | The design may be used in areas where the climatic conditions are equal to or less than those defined below (please   |  |   |  |
|    | state): * Delete as appropriate   |  |   |  |
|    | Wind: (as defined in BS 6399-2) or equivalent Eurocode  |  |   |  |
|    | Standard wind loadings – To account for construction of houses on various sites Standard Wind Pressures have been   |  |   |  |
| U  | used as below:  |  |   |  |
|    | <ul> <li>At RIDGE level – 1.05kh</li> </ul>   | N/m <sup>2</sup>   |   |  |
|    | <ul> <li>At EAVES level – 0.95kl</li> </ul>   |  |   |  |
|    |   | n a site-by-site basis to ensure no greater than   | the above for future sites.               |  |
|    | Snow: (as defined in BS 6399-3) or equivalent Eurocode  |  |   |  |
|    | Site snow load, s0 =  | X V  | 0.64 kN/m2                                |  |
|    | nfluenced by adjacent buildings?  |  | No *                                      |  |
|    | Resistance to moisture/durability of exposed elements:  |  |   |  |
|    | Maximum exposure (to wind driven rain) grading, as defined in BRE Report – Zone 1/ Zone 2/ Zone 3/ Zone 4 *   |  |   |  |
|    | Thermal Insulation: Avoiding Risks, Second Edition, 1994, to be exposure zone:<br>Exposure to sea spray (i.e., coastal region) or de-icing salts?   |  |   |  |
|    | Exposure to sea spray (i.e., coastal region) or de-icing salts? No * Other air contaminants or biological factors-please specify any enhanced resistance if applicable (refer BS 7543 for                                       |  |   |  |
|    | guidance):  |  |   |  |
|    | Design Life:  |  |   |  |
|    | (per BS 7543 or equivalent Eurocode – Durability of buildings and building elements, products and components)   |  |   |  |
| Ċ  | Category of building design life =  |  | 60 Years                                  |  |
|    | Design life of primary building en  | velope =   | 60 Years                                  |  |
|    |   |  |   |  |
| Е  | Conditions of certification:  |  |   |  |
|    |   |  |   |  |
|    |   | e specifications and materials referred to have  |   |  |
|    | accordance with the Building (Scotland) Regulations 2004 and in accordance with the supporting guidance in the  |  |   |  |
|    |   | books which came into force with effect from 1   |   |  |
|    |   | lid until invalidated by formal notice by the Loca   |   |  |
|    |   | e materials specified shall not be changed with  | out reference to the Local Authority      |  |
|    |   | nd responsible for certifying the system.<br>on a plan or specification document to any Cod      | de of Proctice, British or European       |  |
|    |   | 's instruction it shall be construed as a reference  |   |  |
|    | it is in force at the date of   |  |   |  |
|    |   |  | uilding warrant process prescribed by the |  |
|    | 5. This certificate should not be regarded as a formal approval under the building warrant process prescribed by the<br>Building (Scotland) Act 2003 enacted from 1 May 2005  |  |   |  |
|    |   |  |   |  |
|    | referenced here under Co  |  |   |  |
|    | referenced here under Section F confirm that a structural appraisal has been carried out. Further site-specific information MUST BE made available when a site-specific building warrant is sought. Such additional information |  |   |  |
|    |   | f Procedural Guidance on Certification including   |   |  |
|    |   |  | g internation to be submitted with a      |  |
|    |   | on dated April 2010 Version 2 Confirmation of  | a holistic approach to structural         |  |
|    | Building Warrant Applicati  | ion dated April 2010 Version 2. Confirmation of moleted building shall be provided by a register |   |  |
|    | Building Warrant Applicati  | mpleted building shall be provided by a register   |   |  |
