To Whom It May Concern,

RE: Click or tap here to enter text.

As Architectural Manager for the above development, I can confirm that to the best of my knowledge all supporting STAS certificates and information (reference STAS/20/052/DM110) submitted as part of this building warrant is in compliance with the relevant version of the Scottish Technical Handbook has been constructed in accordance with the approved design and specification.

The earliest STAS approval pertaining to this STAS reference number was granted in June 2022 and therefore granted under the Scottish Technical Handbook (Domestic) 2022. There have been no main changes to the Scottish Technical Handbook (Domestic) from this date until 1st February 2023 and therefore the information submitted, prior to 1st February 2023, in support of this building warrant application should be considered as current.

Yours faithfully,

A stylized, handwritten signature in black ink, appearing to be the initials "M" followed by a flourish.
