

RD Certificate Number: EW277

Supalite Tiled Roof Systems Ltd – Supalite Roof

Description

The Supalite Roof is a proprietary solid roof system to replace an existing translucent roof of a domestic conservatory or porch. This roof system achieves a u-value of 0.18W/m²K when installed in compliance with the specification and thermal design.

This registration applies to the roof only.

This Registered Detail Certificate is designed to fast-track, not remove, the requirement to obtain Building Regulation Approval through LABC. This can only be demonstrated through a Completion Certificate issued following satisfactory inspections made as part of a valid Building Regulation application by Local Authority Building Control teams.

Scope of Registration

Due to space limitations, the Registered Detail certificate should be consulted for the full scope of this registration.

Validity

This system has been checked for compliance in accordance with English and Welsh Building Regulations.

Registration was first issued on 26/06/14 and is valid until 26/06/16 providing there are no amendments to applicable regulations.

Issue dated 19/06/2015
